

WordSwing presents:

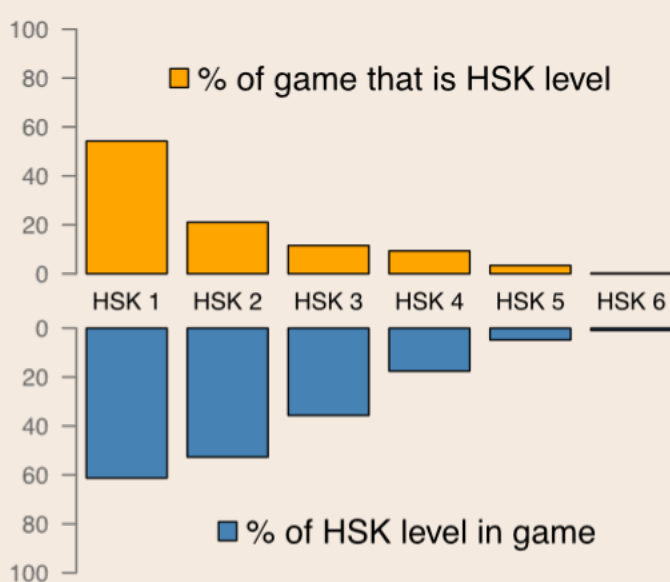

逃出去 | ESCAPE

A Chinese text adventure game

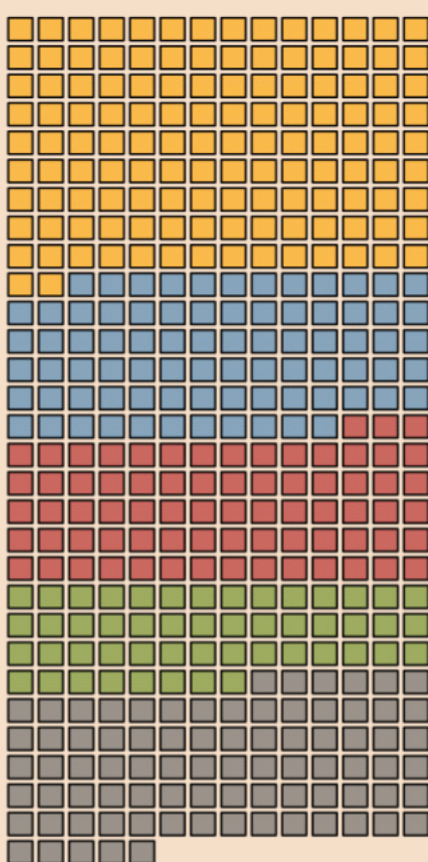

Attempt a daring escape and learn Chinese along the way. Escape is an interactive story for learners of Mandarin Chinese. Your choices decide how the story ends!

2-5  hours of gameplay

The game is written for intermediate learners, focusing on high-frequency vocabulary found in HSK 1-3, while avoiding words that are not useful at this level.

□ = 1 distinct character

- 128 characters appear more than 10 times
- 79 characters appear 5-10 times
- 73 characters appear 3-4 times
- 50 characters appear 2 times
- 81 characters appear only once

411

Escape contains only 411 distinct Chinese characters. The majority of these appear many times throughout the game, giving you the repetition you need to master them.

Total content:

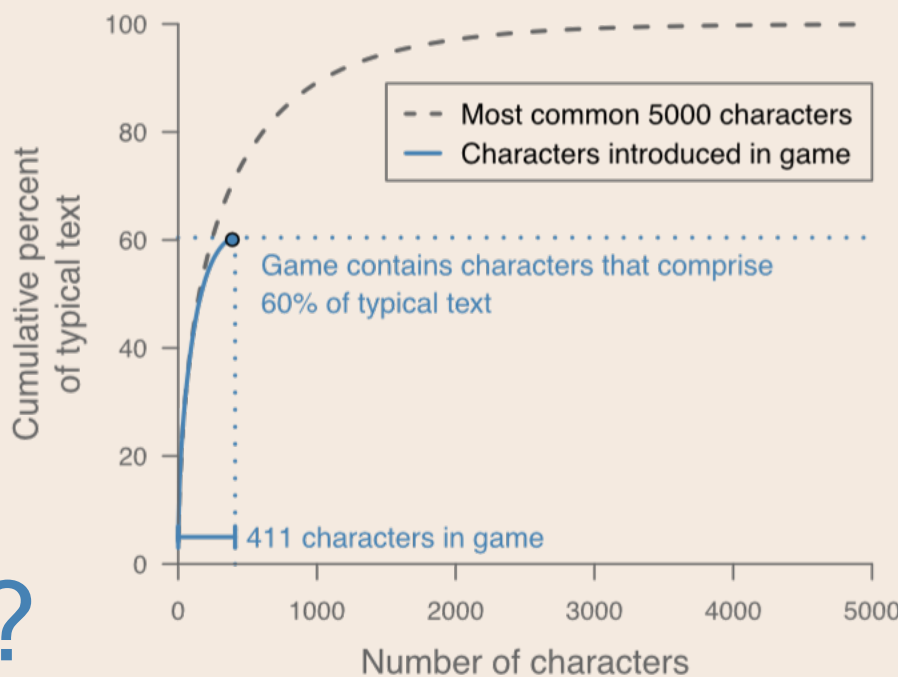

5676

 characters

60%

Despite only featuring 411 characters, these characters comprise 60% of typical text.

Thus, you will be practicing the most common and useful words.

准备好了吗?
